

Living with Dementia

for those with memory loss, mild cognitive impairment, or early stage dementia

An education program from the Alzheimer's Association®

After a diagnosis of Alzheimer's disease or other dementia, families face many questions as they adjust: What does the diagnosis mean? What kinds of plans need to be made? What resources are available to help? Join us for this **4-part** series of education programs and support group meetings for answers to those questions and more.

This program will be offered online starting January 2021. For additional information, please call (716) 626-0600 ext. 313 or email Maggie Concannon at mgconcannon@alz.org.

alzheimer's  association®

This program is funded through Dobrak & Fial Funds administered by the Community Foundation for Greater Buffalo.
